### **STAFF ANALYSIS**

## PROPOSAL/BACKGROUND

The applicant is requesting a Special Use Permit to allow an amusement arcade (excluding adult arcade) at 2760 East Trinity Mills Rd, Suite 120.

#### **ORDINANCE REQUIREMENTS**

A Special Use Permit is required for an amusement arcade located in the (LR-2) Local Retail District.

#### **ELEMENTS TO CONSIDER**

- 1. The purpose of the Special Use Permit is to authorize and regulate uses which may be beneficial in a specific instance to the general welfare of the community, yet ensure that such uses are not detrimental to surrounding properties and are consistent with the stated purpose of the zoning district in which such uses are located regarding conditions of operation, location, arrangement and construction.
- 2. The amusement arcade proposes a maximum 25 game stations.
- 3. The subject property's floor space is approximately 2,320 square feet, within a strip retail center.
- 4. One public comment was received and is included in this report. The written protest against the proposal was signed by the property owner, equating to 0.7 percent of the property owners of the area of the land immediately adjoining the subject property and extending 200 feet therefrom. Therefore, a super majority vote is not required for approval of this item as it is less than 20% as dictated by state law.

#### CONCLUSION

Staff believes the amusement arcade should not adversely affect surrounding properties with staff's recommended stipulations.
