Exhibit A**SECTION C. OFF-STREET PARKING AND STACKING REQUIREMENTS.**

In all zoning districts there shall be provided off-street parking space in accordance with the following requirements.

1. SCHEDULE OF MINIMUM OFF-STREET PARKING REQUIREMENTS:

The classification of uses referred to herein shall be deemed to include and apply to all uses. However, if for any reason the use, for the purpose of determining the amount of off-street parking space to be provided for such use, is not classified hereunder nor in Article V of this ordinance, the City Manager or Designee shall determine if such proposed use is similar in nature to any other use listed hereunder or in Article V. If a similar use is identified, then the proposed use shall meet the minimum off-street parking requirements of such similar use. However, if no similar use is identified by the City Manager or Designee, an amendment to this Article may be requested to establish off-street parking requirements of such proposed use. Such amendment shall be in accordance with Article XXXI of this ordinance.

Any appeal of the City Manager or Designee's interpretation as to the nature or type of use, for the purpose of determining the classification and applicability of the parking regulations prescribed hereunder for such use, shall be submitted to the Board of Adjustment for consideration in accordance with the provisions of Article XXXII of this ordinance.

SECTION D. OFF-STREET LOADING REQUIREMENTS.

If non-residential uses provide and maintain off-street loading facilities on the same lot as such non-residential use they shall be in accordance with this Article. Such off-street loading facilities shall be located adjacent to a public way or private service drive.

All maneuvering for off-street loading areas shall be accomplished on private property.

No off-street truck loading space shall be permitted within a designated fire lane. Areas designated to satisfy the requirements for off-street truck loading space shall not be permitted to encroach upon or occupy a fire lane, maneuvering aisle, or parking space.

1. APRON, DOCK, AND SPACE DESIGN STANDARDS:

- a. Apron, loading dock and loading space design standards shall be as shown in Figures 2a 2b and 2c of this Section. Apron size requirements shall be as shown in Figure 2a of this Section.
- b. Where a side loading space is to be utilized, such berth shall be provided in accordance with the standards shown in Figure 2b of this Section.
- c. Ingress to, and egress from required off-street loading spaces must have at least the same unobstructed vertical height clearance as the largest required off-street loading spaces.

2. AREAS IN FRONT OF LOADING DOCKS AND DOORS:

Parking spaces, fire lanes, driving aisles or similar shall be prohibited in the loading space area unless the loading docks, garage doors, etc. are permanently sealed or altered to prevent loading access.

3. SETBACK REQUIREMENTS:

To facilitate the safe and efficient movement of traffic on public streets, the minimum setback requirements for off-street loading facilities shall be as stated in this Section. Where special requirements for off-street loading areas have been established within certain zoning districts, the more restrictive requirements shall apply.

- a. All loading areas, freight docks, truck spaces or truck parking areas, truck repair, service, wash and maintenance bays, truck garages or garage doors, or any other similar loading or truck facility shall not be located closer to the right-of-way line of the street or streets upon which such facilities are accessed than the distance specified in the apron design standards.
(Reference Figure 3.3, Appendix A)
- b. All loading areas, freight docks, truck spaces or truck parking areas, vehicle repair, service, wash and maintenance bays, garages or garage doors, or any other similar facility for any type of vehicle shall be screened from any adjacent residentially zoned property in accordance with the provisions established in Article XXV of this ordinance.

SECTION F. REDUCTION OF OFF-STREET PARKING REQUIREMENTS.

1. JOINT PARKING AREA

Uses may join in establishing a shared parking area where it can be demonstrated to the City Manager or Designee that parking for two (2) or more specific uses occurs at alternating time periods. Such parking area shall be established in accordance with the following procedure

- a. The applicant shall submit a parking analysis with two (2) or more examples to the City Manager or Designee.
- b. The parking analysis shall be reviewed by the City Manager or Designee.
- c. The City Manager or Designee shall act upon such request to deny, approve, or approve with modifications as may be appropriate, the parking or stacking ratio requirements.
- d. If approved, such joint parking area shall be permissible only in conjunction with those uses specifically analyzed as part of the initial request. Upon cessation of one of the uses approved in the original request, the rights of the remaining use to utilize the joint parking shall continue.
- e. Upon commencement of a new use in place of an originally approved use, a reassessment of the joint parking area shall be initiated by the owner or operator of such new use, and shall be considered in the same manner as described above. No Certificate of Occupancy shall be issued by the city for the new use until either:
 - i. The joint parking area is reapproved by the City Manager or Designee, or
 - ii. Additional parking is approved for the new use in accordance with all applicable provisions of this Article.
- f. If denied, a written request by the applicant may be submitted to the Urban Development Department within ten (10) days of the date of the decision. Upon such request being timely submitted, a public hearing shall be scheduled before the Planning and Zoning Commission for final action.
- g. Approval of a joint parking area shall not be construed as, nor constitute, a variance from, reduction of, or modification or exception to any other provision or requirement of this ordinance or any other applicable code or ordinance of the City of Carrollton.

2. REDUCTION OF PARKING OR STACKING PROVISIONS

Parking or stacking requirements for individual uses may be altered from the prescribed ratios listed in the applicable provisions of this Article by demonstrating to the City Manager or Designee that such revised ratio satisfies the intention of Section A of this Article. The procedure to modify the parking ratios is as follows:

- a. The applicant shall submit a parking analysis with two (2) or more specific examples to the City Manager or Designee.
- b. The parking analysis shall be reviewed by the City Manager or Designee.
- c. The City Manager or Designee shall act upon such request to deny, approve, or approve with modifications as may be appropriate, the parking or stacking ratio requirements.
- d. If approved, such parking ratio is applicable to only the specific use for which the request was submitted. The city wide rate will not be altered by such study.
- e. If denied, a written request by the applicant may be submitted to the Urban Development Department within ten (10) days of the date of the decision. Upon timely submission of such request, a public hearing shall be scheduled before the Planning and Zoning Commission for final action.

SECTION G. MISCELLANEOUS REQUIREMENTS.

The following provisions shall be applicable to all off-street parking and loading areas.

1. CONFLICTS:

Where such provisions are in conflict with the requirements of Chapter 53 of the Carrollton Code of Ordinances, otherwise known as the Traffic Code, or are in conflict with special off-street parking or loading requirements which have been established within certain zoning districts of this ordinance, then the more restrictive requirements shall apply.

2. GENERAL PROVISIONS:

- a. Off-street parking facilities shall be provided on the lot or tract occupied by the main use, or upon a lot or tract of land dedicated to parking use by an instrument filed for record, provided that such arrangement is in accordance with the schedule of allowable uses in the district in which it is located. Off-site parking facilities shall be located as provided in Article V, Section C (1500), Vehicular Parking and Storage, g of this ordinance. Distance shall be measured in a straight line, without regard to intervening structures, between the nearest property line of the main use and the nearest property line of the lot or parcel upon which the parking facility is located.
- b. In determining the required number of off-street parking and loading spaces, fractional spaces shall be counted to the nearest whole space.
- c. No parking space located on a public street or alley may be included in the calculation of the required off-street parking requirements.
- d. Floor area of a structure devoted to off-street parking of vehicles or loading spaces shall be excluded in computing the floor area for off-street parking requirements of the structure.

3. VEHICLE STORAGE AND DISPLAY:

- a. Off-street parking areas shall be used for passenger vehicles only, and in no case shall such areas be used for sales, repair work, storage, display, dismantling or servicing of any vehicles, equipment, materials or supplies.
- b. Any area utilized for the storage of vehicles in connection with a motor vehicle repair establishment shall be screened from the view of any adjacent public street by a solid, opaque wall or fence of not less than six (6) feet in height, measured at the highest finished grade.

4. COMBINATION OF USES:

- a. Where a lot or tract of land is used for a combination of uses, the off-street parking requirements shall be the composite or sum of the requirements for each type of use except where specified by this ordinance.
- b. Parking spaces used for the parking of trucks or buses shall not be counted toward meeting the off-street parking requirements for the particular use.

5. PARKING OF COMMERCIAL AND RECREATIONAL VEHICLES:

The parking, stopping and/or storage of recreational vehicles, travel trailers, boats, boat trailers and commercial vehicles shall be regulated in accordance with Chapter 53 of the Carrollton Code of Ordinances, otherwise known as the Traffic Code.

6. ACCESS TO PUBLIC ALLEYS:

Driveways and parking areas which serve any commercial, multi-family, or institutional service, any public recreation or community center, or any public tennis court, swimming facility, or other similar facility shall not access any public alley which also serves residentially zoned property.

7. ENCUMBERED RIGHT-OF-WAY:

Where an agreement has been entered into by the City of Carrollton whereby any independent school district is granted a right to temporarily encumber public right-of-way with parking spaces, such spaces shall be counted toward meeting the applicable off-street parking requirements of this Article until such time as the city determines a need to use the right-of-way. Where the city determines a need to use the encumbered right-of-way, the right of the school district to use such parking shall immediately cease. In such event, the independent school district shall be required to meet the applicable off-street parking requirements of this Article, and shall bear the cost of providing such parking.

8. REQUIRED PARKING LOCATED ON A LOT SEPARATE FROM THE MAIN USE

Required parking for a use may be located on a separate lot upon approval of a parking agreement by the City Manager or Designee, provided however that said parking is not the principal use on the separate lot. Such parking agreement shall be established in accordance with the following provisions:

- a. The property owner or authorized agent shall submit an application for a Miscellaneous Development upon forms prescribed by the City of Carrollton and reviewed by the City Manager or Designee.
- b. The application shall contain a site plan, a list of the uses located on both lots and their required parking information and/or other information required by the City Manager or Designee.
- c. The separate lot must have parking in excess of what is required for its uses.
- d. If approved, the parking agreement shall be signed by the property owners of both lots and shall be for only the uses specified in the agreement.
- e. Upon commencement of a new use in place of the originally approved use requiring the off-site parking, a reassessment of the parking agreement shall be initiated by the owner or operator of such new use and shall be considered in the same manner as described above.
- f. The required parking located on the lot separate from the main use cannot be used to meet the parking requirements of a new use on that same lot during the duration of the parking agreement.
- g. If denied by the City Manager or Designee, a written request by the applicant may be submitted to the Planning Department within ten (10) days of the date of the decision. Upon timely submission of such request, a public hearing shall be scheduled before the Planning and Zoning Commission for final action.
