

Public Hearing To Consider And Act On An Ordinance Amending Various Sections Of The City Of Carrollton Code Of Ordinance And Article XXVII Of The Comprehensive Zoning Ordinance To Amend, Add, Or Delete Definitions And Regulations Related To Light And Glare. **Case No. 07-16ZT2 Glare.** Case Coordinator: Loren Shapiro.

Shapiro presented the case to remove the requirement that all commercial and non-residential sites have to comply by January 1, 2017 and to specify the type of commercial lighting so that it is either facing at a 90 degree or 45 degree angle. He noted that the nuisance regulations have the same exact requirements for lighting and staff feels there is no reason to have such a redundancy. Staff recommended approval of the text amendments as it's provided in the zoning section which is Article XXVII, Section B Glare.

Chair McAninch opened the public hearing; there being no speakers, she closed the public hearing and opened the floor for discussion or a motion.

* ***Averett moved approval of Case No. 07-16ZT2 Glare as submitted; second by Kraus and the motion was approved with a unanimous 8-0 vote (Nesbit absent).***
