5:45 P.M. – COUNCIL BRIEFING ROOM

*****PRE-MEETING/EXECUTIVE SESSION*****

Mayor Marchant called the meeting to order at 5:45 p.m.

- 1. Receive information and discuss Consent Agenda.**

*****WORKSESSION*****

- 4. Discuss Nomination Of Rising Star Honoree For Metrocrest Chamber.**

Mayor Marchant introduced the item and invited discussion and nominees and a consensus was reached in favor of Frances Cruz.

- 7. Discuss TC Rice Property.**

Parks Director Scott Whitaker stated the item had been discussed during the previous year and advised that Freese and Nichols would present an analysis they conducted looking at access points. He stated the intent was to have the information available when the City begins working on developing the TC Rice property.

Rebecca Pittman of Freese and Nichols stated that if the TC Rice property were to be developed into a nature park it would really provide a great balance of open and natural versus the densely populated housing, retail and commercial uses that surround the property. She used an aerial map to highlight the study area, site vehicular access and visibility, the DCTA rail line and the transmission line. She also highlighted the storm water constraints with 87% of the study area being flood plain or floodway resulting in stringent guidelines for development in those areas. She highlighted the regional park connectivity north and south of the site and noted five possible access points. She advised that access point 4 would require the City to purchase additional land.

Mayor Marchant thanked them for the work and felt it gives the Council a road map and menu in order to make policy decisions.

- 6. Discuss Indian Creek Golf Club Fees For 2017.**

Scott Whitaker reviewed the proposed fees noting suggested changes such as when twilight and evening rates begin. The resident discount would change to a set amount rather than changing with

the time of day and tier. He talked about a new option; the ability to purchase a membership and likened it to a recreation center membership.

Matt Roberts, of Orion Golf Course Management, noted that the rates for the Creeks Course are higher than the Lakes Course and also advised that the feedback he has received from residents was that with the current structure, they don't know what the discount is. He felt the \$5 proposed discounts with the current average. He underscored that the goal is to get people to play and not just take money.

Mayor Marchant suggested the \$5 discount be placed in the proposed ordinance for the next meeting and the Council could make a decision on it at that time.

5. Discuss Establishment Of Railroad Quiet Zones In The BNSF And Cotton Belt Corridors Near Downtown Carrollton.

Transportation Manager Tom Hammons stated that if the six proposed new sites were constructed, the entire City would be covered. He listed the impacted agencies and reviewed the considerations that shaped the study. He advised that the BNSF Corridor has 13 – 18 trains per day and the Cotton Belt Corridor has 2 – 4 trains per day. Mr. Molina advised that the estimated cost of BNSF portion is \$1,400,000 for four crossings. The TOD Sub-committee recommended proceeding with BNSF quiet zones in conjunction with DART work on the Cotton Belt line. The Sub-committee recommended allocating the \$340,000 in unallocated Quality of Life program funds to allow design work in 2018/19 and investigate funding options.

Discussion was held regarding the funding allocation and a consensus was reached to discuss it further during the annual budget process since the funding was not needed immediately.

Mayor Marchant recessed the Worksession at 7:01 pm to convene the Regular Meeting.
